Old Business

NRRA- Ms. Cabral talked about some of the benefits available for members of the N.R.R.A. One of the benefits is a 1 ½ CEU credit for class. The MOM (Members Operation Marketing) group meets on a regular basis and discusses issues and updates regarding transfer stations etc. She also mentioned that they are available to help communities their RFP's for trash removal etc. for a cost. They can help work with the vendor as a facilitator if necessary. Mr. Bracken asked if there were any benefits that we as members should be using. Ms. Cabral mentioned the discounted price for the annual conference and as a resource along with the regular edition of "Full of Scrap". Ms. Cabral will look into what other benefits are available.

New Business

Kent Farm Transfer Station- There is some concern regarding the amount of demolition debris being brought into the transfer station. The Committee would like for Mr. Harms to come in and go over some of the processes and what has been allowed. For 2016 it is suggested to not allow any construction material.
